UNIVERSITY OF  
LINCOLN  
UNITED KINGDOM

**The Lincoln School of Architecture** is sited in a purpose-built facility designed by the world-renowned architect Rick Mather, and located in one of Europe's most historic cathedral cities. Lincoln is an ideal city in which to study architecture and the built environment. As an urban campus in a small and compact city, students have the benefit of easy access to the historic centre with its many amenities.

**林肯建築學院**，坐落在歐洲歷史最悠久的大教堂城市之一，并由世界知名建築師 Rick Mather 親自操刀設計的。林肯是一個學習建築學，和建築環境的理想城市。在這所小而其全的城市中，城市校區為學生們帶來了很多便利，如參觀有著各式各樣設施的歷史中心。

**The University of Lincoln campus** is situated about 130 miles north of London. *The Times* newspaper refers to Lincoln as having effected "the most dramatic transformation of any university in recent times", with well over £200 million having been spent on building a stunning modern campus in the heart of a beautiful and ancient small city. *The Times and Sunday Times Good University Guide 2017* ranks the University in the top 10 for teaching quality and student experience.

**林肯大學校園**位於倫敦以北約 130 英里處。花費超過 2 億英鎊在一個美麗而古老的小城市中心建造一個令人驚嘆的現代化校園，“紐約時報”稱林肯為“近年來最引人注目的變革的一所大學”。林肯大學還同時在“泰晤士報”和“星期日泰晤士報”優秀大學指南 2017 中，被評為教學質量和學生體驗中，排名前 10。

**The 2017 Architecture Summer School** introduces students to the intellectual and creative requirements of **higher education** and challenges perceptions of design theory and practice. It aims to provide students with an understanding of what is expected in terms of critical thinking and provides an overview of the tools required in representation of architectural ideas. Students will have the opportunity to receive professional tuition and guidance in the completion of a short design project, from initial ideas generation through to the final presentation of work. The course may also offer opportunities for suitable students to apply for either the MArch (Global) or MArch (part2), subject to requirements.

**2017 建築暑期班**為學生灌輸知識性和高等教育要求的創新性，以及探尋設計理論和實踐的觀點看法。它旨在向學生普及一個在專業學習上可能會面臨的批判性思維，和概括闡述建築想法上需要用到的媒介工具。學生將有機會接受專業的輔導和指導下，從最初想法雛形到最終項目匯報，完成一個簡短的設計項目。本課程也會依照申請要求，提供機會給適合申請 MArch (Global) 建築碩士（全球），或 MArch (Part2) 或建築碩士（第二階段）。
